We stroll along that country road, that's when my dreams, begin to unfold

CHORUS:

I love in a fog..... So does my dog..... And that fog keeps lifting

As my day keeps driftin'.... And sooner or later when that sun beats steady.....

And my mind is ready... I'll get Clarity.

Verse instrumental break... then CHORUS

Verse 3: Hidden deep, beneath this big ole world, lies a story, about a little girl,

Who wanted nothing, but to be solely, alone with herself, her one and only..
